

SP 4.2 Negotiation Memorandum

Substantive changes made for the 3-31-06 revision:

1. Cleans up some awkwardly written text in the SCOPE section.
2. Refers to subcontracts "...awarded on the basis of lowest evaluated price..." to be more consistent with our new SP 15.4.
3. Changes a reference to SP 15.1 to the new SP 15.4, where the subject of source selection is now covered.
4. Adds "bonds and insurance" to the list of "Other Matters" on page 6 of the SP, including references to SPs 28.1 and 28.2.
5. Adds a reference to SP 47.1 in the bullet relating to "F.O.B. point" on page 6 of the SP.
6. Deletes FOCI from the list of "Other Matters" on page 6 of the SP. FOCI no longer applies to LBNL, and SP SP 4.5 has been eliminated.
7. Updated the Prime Contract reference to be consistent with Contract 31.
